

## PRODUCT CATALOGUE

An Official Distributor of The BIOPROTECTUs™ System

Germbusters is a one stop shop for disinfection and protection services. This product list is what customers are demanding in the public and private sectors. We are here to fill that need for you and your clients so they can have the level of protection they deserve in a post-Covid world.

The products available in this catalogue meet or exceed all EPA, FDA, ISSA, NIOSH regulations and standards.

# The BIOPROTECTUs™ System

## THE CHALLENGE

The challenge for current cleaning solutions is overuse and misuse of disinfectants, which leave behind no effective residual protection. Within hours of disinfection, micro-organisms will return and grow back exponentially, presenting the risk of re-infection to occupants. In addition, microbes absorb these cleaners and disinfectants, building up a resistance that will eventually make the disinfecting agents less effective at destroying them.\*

\* Sciencedaily.com  
2008

## THE SOLUTION

The solution to this challenge is to supplement cleaning protocols, by applying BIOPROTECT™ RTU (or 500 diluted) to surfaces, creating a durable, invisible antimicrobial shield that inhibits the growth and spread of odor and stain-causing bacteria, mold, mildew, and fungi, thus reducing the need to constantly disinfect surfaces that have been touched.

Step 1 - CLEAN using standard cleaning protocols

Step 2 - DISINFECT with SmartTouch® Hospital grade disinfectant on surfaces

Step 3 - PROTECT using BIOPROTECT™ RTU (Ready to Use) or BIOPROTECT™ 500 concentrate diluted 9:1 with water

## SETTING NEW STANDARDS FOR CLEAN

SmartTouch®

- List N Hospital Grade Disinfectant
- Kills 99.999% of bacteria including E. Coli & Salmonella in less than 60 seconds
- Effective on 38 microorganisms

BIOPROTECT™  
RTU (or)

- Ready to use, water-based antimicrobial surface protectant
- Remains active on applied surfaces for up to 90 Days

BIOPROTECT™  
500

- Same great benefits as BIOPROTECT™ RTU only in the concentrated form
- Dilution Rate - 9:1 with water
- Remains active on applied surfaces for up to 90 Days

BIOPROTECT™

HYDRATING HAND SANITIZER

- Kills 99.99% of germs and bacteria on hands
- Extended protection for up to 6 hours
- Hydrates as it protects

SmartTouch® Hospital Grade Disinfectant

BIOPROTECT™ RTU Antimicrobial Protectant

BIOPROTECT™ 500 Antimicrobial Protectant

BIOPROTECT™ Hydrating Hand Sanitizer

# SmartTouch® Hospital Grade Disinfectant

- EPA Registration #82972-1-88566
- Unlike other disinfectants, SmartTouch® is included on List N as a ready to use, hospital grade disinfectant that begins to kill on contact and fully disinfect surfaces within 10 minutes.
- SmartTouch® kills 99.999% of harmful bacteria including E. Coli & Salmonella and is shown to kill a broad range of viruses including H1N1 in less than 60 seconds in institutional and residential use sites.
- SmartTouch® is one of the leading disinfectants that meets OSHA Blood-borne Pathogen Standards for HIV-1, Hepatitis A, Hepatitis B and Hepatitis C.
- Proven effective on 38 microorganisms
- NSF registered D2 sanitizer on food contact surfaces
- Easy application via electrostatic sprayer, fogger or pump spray bottle on porous and non-porous surfaces
- Non-corrosive

# BIOPROTECT™ RTU Antimicrobial Protectant

- EPA Registration #87583-3
- Patented and extensively tested
- Ready to use, water-based antimicrobial surface protectant
- Creates a durable and protective shield on porous and non-porous surfaces, providing long-term surface defense for up to 90 days against odor and stain causing bacteria, mold, mildew, fungi and algae.
- Can be applied to food-contact & non-food contact surfaces
- Does not contain bleach and is non-corrosive
- For use indoors and outdoors

# BIOPROTECT™ 500

- EPA Registration #87583-2
- Dilution Rate - 9:1 with water
- Patented and extensively tested
- Water-based antimicrobial surface protectant
- Creates a durable and protective shield on porous and non-porous surfaces, providing long-term surface defense for up to 90 days against odor and stain causing bacteria, mold, mildew, fungi and algae.
- Product does not contain bleach and, once diluted, is non-corrosive

# BIOPROTECT™ Hydrating Hand Sanitizer

## Hydrating Defense Specifically Designed for the Human Hand

- The most common problem with other hand sanitizers is the need to frequently reapply. BIOPROTECT™ Hydrating Hand Sanitizer offers extended protection for up to 6 hours. Now Get Extended Protection For Your Hands

## Lasting Effectiveness

- Provides up to 6 hours of extended hand protection. Repeated application increases effectiveness.

## Easy To Apply

- Apply 2 to 3 pumps of BIOPROTECT™ Hydrating Hand Sanitizer each use. Work thoroughly onto hands and allow to dry without wiping. Reapply every 6 hours.

## Kills 99.99% Of Germs And Bacteria On Hands

- BIOPROTECT™ Hydrating Hand Sanitizer is an FDA registered hand sanitizer that kills 99.99% of germs and bacteria on your hands.

## Hydrates As It Protects

- BIOPROTECT™ Hydrating Hand Sanitizer moisturizes and hydrates hands as it kills germs and bacteria. Infused with soothing aloe vera, fragrance and dye-free, paraben and sulfate-free.

*The most common problem with other hand sanitizers is the need to frequently reapply. BIOPROTECT™ Hydrating Hand Sanitizer offers extended protection for up to 6 hours. Now Get Extended Protection For Your Hands*

# SANISPRAY HP 20

## Corded Handheld Sprayer

### INCLUDES:

- Fine mist spray tip (313)
- Medium and Coarse tips (515 & 619)
- 15" Spray extension
- 5 - FlexLiner Bags, Storage plug, Durable tool bag

Spray up to 20oz per minute

Finish Small Jobs Fast

- Perfect for areas that require maximum portability

Fill & Spray 42oz flexliner Bag System

- Easily move from room to room
- Spray in any direction (even upside-down)

Adjustable Flow Control

- Full range control delivers either complete coverage on specific objects or fine spray

RAC X LP Tips

- Reverse-A-Clean low pressure tips

15 Gallons per week - Recommended

# SANISPRAY HP 20

## Cordless Handheld Sprayer

Spray up to 20oz per minute

Cordless for Ultimate in Portability

- Perfect for areas that require maximum portability

Fill & Spray 42oz flexliner Bag System

- Easily move from room to room
- Spray in any direction (even upside-down)

Brushless DC Motors

- Most dependable, long life motors
- Spark-free operation

Adjustable Flow Control

- Full range control delivers either complete coverage on specific objects or fine spray

20V Dewalt Lithium-Ion Battery and Charger

- Sprays up to 2.5 gallons on each charge

RAC X LP Tips

- Reverse-A-Clean low pressure tips

### INCLUDES:

- Fine mist spray tip (313)
- Medium and Coarse tips (515 & 619)
- 15" Spray extension
- 2 -- 20V Dewalt 2.0ah Lithium Ion batteries and charger
- 5 - FlexLiner Bags, Storage plug, Durable tool bag

# SANISPRAY HP 65

## Portable Hopper Sprayer

### INCLUDES:

- SaniSpray HP Gun
- Fine mist spray tip (513)
- Medium and Coarse tips (617 & 619)
- 15" Spray extension
- 1/4" 50' BlueMax Hose
- 1/8"x 4.5' BlueMax II Whip Hose

\*\*Compatible with List-N Disinfectants that meet EPA's criteria for use against Covid-19

Spray up to 65oz per minute

Pour and Go 1.5 Gallon Hopper

- Delivers extended spray time and containment

Extended Reach to Spray Anywhere

- Add up to 300ft of hose to spray anywhere for high production applications

Powerful DC Motor

- DC motor with spark arrestor provides ability to spray alcohol based chemicals

Adjustable Pressure Control

- Full range control delivers even coverage on specific objects or areas fine misting

ProX Airless Piston Pump

Lightweight Sanispray HP Gun

- Allows products to be applied faster to speed up disinfection process

50 Gallon per week - Recommended

# SANISPRAY HP 130

## 2 Gun Cart Sprayer

Spray up to 130oz per minute

2 Gun Productivity Delivered

- Highest production available on the market

Spray From Any Container

- Extended spraying without refills

Extended Reach to Spray Anywhere

- Add up to 300ft of hose per gun

Smartcontrol Adjustable Pressure Control

- 0-1000psi adjustable

Roll & Go Cart Design

- Easily move sprayer and chemical bucket together

Lightweight SaniSpray HP Gun

- Allows products to be applied faster

Maxpower Motor & Advantage Drive

100 Gallons per week - Recommended

### INCLUDES:

- SaniSpray HP Gun
- Fine mist spray tip (513)
- Medium and Coarse tips (617 & 619)
- 15" Spray extension
- 1/4" 50' BlueMax Hose
- 1/8"x 4.5' BlueMax II Whip Hose

# SANISPRAY HP 20 - Electrostatic Cordless Handheld Sprayer - w/ Propack

## INCLUDES:

- Electrostatic SaniSpray HP20
  - Fine mist spray tip (310)
  - Medium and Coarse tips (313 & 515)
  - Wrist & Boot Grounding Straps
  - 2 - 20V DeWalt 2.0Ah Lithium-Ion Batteries and Charger
  - 5 - FlexLiner Bags, Storage Plug, & Tool Bag
- Industries Most Powerful Electrostatic Technology!
  - Efficient Chemical Usage
  - Triax Airless Piston Pump with ProConnect
  - ProControl II Adjustable Flow Control
  - RAC X Low pressure SwitchTips
  - Fill & Spray 42ox FlexLiner Bag System
  - High Power LED Light
  - DeWalt 20V Lithium Ion Batteries and Charger
  - Electrostatic Power Switch

## SANISPRAY HP PROPACK SYSTEM

### Spray Longer With Less Refills

- Over 9x the Capacity for a Higher Level of Portability
- 3 Gallon Capacity
- Comfortable, Ergonomic Backpack
- Light Weight Design
- Wide Mouth Fill Port
- Removable Inlet Filter to remove contaminants
- 6 foot Material Hose Set

1 FILL HOSE

2 CONNECT

3 PRIME

4 SPRAY

# RhinoHealth - Safety Gloves

Unsupported Nitrile, chemical resistant gloves. Nitrile formulation contains no latex proteins which could cause allergic reactions. Nitrile will not swell, sag or weaken from fat absorption. Complies with USDA and FDA

- Chemical Resistant
- Hypoallergenic
- Puncture Resistant
- Flexible

# Honeywell RU6500 Full Face Mask

The North RU6500 Series is a silicone full face-piece compatible with the North Series cartridges and filters. The Face-piece is NIOSH approved as an air-purifying respirator. When used with the appropriate filters, cartridges or cartridge/filter combinations, the RU6500 is an approved for protection from particulates, gases or vapors, or any combination of particulates, gases and vapors.

# Honeywell P100 Filter -7580P100 Series

P100-Particulate Filter (99.97% filter efficiency level) effective against all particulate aerosols. NIOSH-Approved protection for work applications. Full compatibility with North RU6500 Series Face piece. (Come as pair)

# Trimaco Washable Spraysuit -Supertuff Breathable

Trimaco SuperTuff suits have a comfortable fuller fit, 2-way zipper, attached drawstring hood and 3 pockets. They are lint free, washable and reusable. Protective coveralls are perfect for spray booth use. Polyester with carbon fiber thread for superior anti-static control. Lightweight for those hot environments, but large enough to bundle up.

# 1-Gallon Wall-Mounted Hand Sanitizer Dispenser

**PROTECT CONSUMERS AND EMPLOYEES: NEVER-OUT™** high-capacity dispensers deliver thousands of applications so you never run out

- High-capacity dispenser holds 1 gallon of BIOPROTECT™ Hydrating Hand Sanitizer to extend hand sanitizer supply and reduce manpower for change-outs
- Safe, hands-free dispensing promotes better hygiene
- Foot pump eliminates on-going battery costs
- Environmentally responsible design delivers every drop of sanitizer and creates no packaging waste
- Narrow profile 12" suitable for usage in many locations

## 1 Gallon Dispenser

Convenient Height - 47"

Touchless - Hands Free

High Capacity - 4,731 Applications

Narrow Profile Suitable to Many Locations

Convenient Foot Pump Promotes Hygiene

# 5-Gallon Wall-Mounted Hand Sanitizer Dispenser

**PROTECT CONSUMERS AND EMPLOYEES: NEVER-OUT™** high-capacity dispensers deliver thousands of applications so you never run out

- High-capacity dispenser holds 5 gallons of BIOPROTECT™ Hydrating Hand Sanitizer to extend hand sanitizer supply and reduce manpower for change-outs
- Safe, hands-free dispensing promotes better hygiene
- Plug in unit eliminates on-going battery costs and ensures dispenser works every time
- Environmentally responsible design delivers every drop of sanitizer and creates no packaging waste
- Durable PVC construction is suitable for indoor and outdoor use

## 5 Gallon Dispenser

Convenient Height - 47"

Touchless - Hands Free

Hidden Drip Tray

High Capacity - 23,655 Applications

Durable PVC - Indoor/Outdoor Use

Electric Plug-In Eliminates Battery Costs

# 1000ml Foaming Hand Sanitizer Dispenser - Wall Mounted

Foam Sanitizer Dispenser works with gel, liquid, and foaming hand sanitizer products. Can be wall mounted or used with free standing dispenser stand for open areas.

1000 ml Capacity

## Foam Sanitizer pump for standard 1 - Gallon container

1 Gallon foam sanitizer pump will screw directly onto any standard 38/400mm bottle. (BIOPROTECT™ Hydrating Hand Sanitizer 1 Gallon capable). Complete with 12" dip tube. Designed for alcohol free hand sanitizers. Approx 1ml per dispensed pump.

## CLEANSOLES FLOOR MATS

### Repels Bacteria & Germs

CleansSoles Mats help prevent transmission of bacteria and other microorganisms\* when used with your everyday household disinfectant solution.

### Anti-Slip

We use Kodra Fabric, Aircell Mesh, reinforced seams and a 3M® non-slip rubber for maximum resistance and anti-slip protection for your family.

### Easy to Use

With you, your business, and your family in mind, we designed a sanitizing mat that is easy to clean, easy to use, and easy to maintain.
